

Imagine. Create. Innovate.

AludecoR
Metal Composite Panel

At Aludecor our aim is to facilitate imagination, creativity and innovation. We ensure this through future-friendly products that raise the bar, every day.

Stringent measures are adopted to make sure that the products meet international standards. Since 2004 the company has consistently upgraded technology, introduced superior aesthetics, used the best raw materials and established new parameters for excellence in the national market of Metal Composite Panels (MCPs) and coated coils.

Reasons to buy Aludecor MCPs

Change is pervasive and inevitable. At Aludecor, this fact of life has formed the basis of most innovations. The Company has always believed in adapting to the new normal, to the new ways of life, with newer, more effective products - but, of course, with the same objective every time - to make life safer and more beautiful for everyone.

Aludecor has given a new dimension to health and safety that led to the birth of Aludecor AG+, Anti-bacterial ACPs, followed by ARMOR, Anti-insect ACPs, and the most recent addition Vi-SECURE, Antimicrobial ACPs - all Ensuring a Worry-Free Touch!

AludecoR
FireWall
Fire Retardant MCPs

Aludecor MCPs can come in both Aludecor FireWall A2 and Aludecor FireWall. They have Factory Production Control certification from Warringtonfire of the UK (ewcl⁵) [now under Element Materials Technology] for reaction to fire classifications of EN 13501-1 Class A2-s1, d0 for FireWall A2 (CF 5916), EN 13501-1 Class B-s1, d0 (CF 6002) and BS 476, Part 6 and 7 Class O (ME 5092) for Aludecor FireWall.

Now, Aludecor ZCP is available in FR Class B (CF 6002). Aludecor has surpassed one of the World's Highest Fire Safety Standards - the NFPA 285 Rating Test for FireWall Class B products.

#BeatTheFire

*Aludecor FireWall A2 has fireproof properties close to metals.
